ACKNOWLEDGMENTS

We wish to express our sincere thanks to all those members, their relatives and friends, who graciously submitted their favorite recipes and to the cookbook committee who put them all together.

DEDICATION

This cookbook is dedicated to all those Jewish cooks of the Coulee Region who have continued the tradition of fine Kosher Cookery.

Recipes found in this cookbook have been compiled over several generations and thus form a culinary history of the Coulee Area Jewish Community. Included are recipes of the original pillars of our community who are now of blessed memory, as well as recipes of their children and their children's children. Recipes of those who stayed in the area for a brief time and those who intended to stay briefly but put down deep roots are also represented. It is a very diverse group, but they share a tradition of fine Kosher Cookery.

For your interest and information, we have placed all the traditional recipes at the beginning of their respective sections.

Enjoy!!!!
